

Vote for Pro-Palestine Progressive Candidates!

Connie Chan & Saikat Chakrabarti House of Representatives CA-11

AROC Action is proud to jointly endorse Saikat Chakrabarti and Connie Chan in the CA-11 congressional race. Either candidate offers critical leadership aligned with progressive values, and a significant improvement to the **failed and regressive policies being advanced by State Senator Scott Wiener** and other righting-backed candidates. Our endorsement is grounded in AROC Action's **six core values**:

Palestine Solidarity

Saikat Chakrabarti has been clear and consistent on Palestine, forcefully calling for an end to the genocide in Gaza and an end to all arms sales to Israel.

Community Defense

Both candidates have recognized the urgency of protecting civil liberties, standing against political repression, and protecting the right to protest government repression and warmongering.

Uplifting All

Both candidates have articulated commitments to economic justice, housing access, and inclusive governance that reflect this value.

Local Action

Connie Chan brings a strong track record of delivering on local issues, from housing, public services to workers' rights, and has shown an ability to navigate and win at the municipal level.

Building Unity

Connie's experience in coalition-building at the local level and Saikat' movement-oriented approach, both embody the leadership needed to build durable, people-powered unity

Bridging Solidarity

Both candidates have demonstrated a willingness to engage across movements and build coalitions that extend beyond a single issue or community

AROC Action collected nearly 2,000 votes from its members on each candidate's effectiveness in our issue areas. Here are the results:

Candidate	Palestine Solidarity	Local Action	Community Defense	Building Unity	Uplifting All	Bridging Solidarity	Overall
Saikat Chakrabarti (District 11)	4.54	3.45	3.75	3.74	3.84	3.95	3.9
Connie Chan (District 11)	3.6	3.81	4.06	3.75	3.81	3.88	3.81
Scott Wiener (District 11)	1.24	1.55	1.45	1.3	1.25	1.3	1.35
